Z winery is a brand-new winery that is focused on catering to the Generation Z wine consumers. As a young generation with only a few years of legal drinking experience, Gen Z is finding that the world of wine is complicated and does not cater to them. The wine industry is focused on a mature audience with established palates and fails to effectively target the new generation of wine consumers. Thus, Z winery, located in Paso Robles, California has made it their mission to cater to the neglected Gen Z consumers. We are bringing the youthful spirit back into wine; we want wine to be educational, experimental, and ultimately fun!
